

Transform your old vehicle   
into great care

# VEHICLE DONATION

PROGRAM

Home Health Foundation

The Leaders in Home Health and Hospice Care

Since 1895, the agencies of Home Health Foundation have provided quality, compassionate care to all in the places patients call home.

Giving your unwanted vehicle to the agencies of Home Health Foundation – in any condition – will help us provide the highest quality home health and hospice care for infants, children, adults, and elders, in both home and community settings. This also means our agencies will remain here for you well into the future.

Let us transform your old car, truck, van, boat, RV or motorcycle into great care! We receive the vehicles value as a donation and *you get a tax deduction!*

Donating is **easy.**

1. Call: 866.392.4483 or go to: [donateforcharity.com](http://donateforcharity.com)
2. Choose Home Health Foundation
3. They will tow/pick up your vehicle or free
